

We set up Liberty Fields in 2010 with the planting of 10 acres of organic cider orchards at Liberty Farm in Halstock, West Dorset.

Having renovated two redundant farm buildings at the top of our main orchard we then launched our artisan food company making unique apple products using fruit from our own and other local orchards.

The orchards are now well-established with a range of traditional local varieties (e.g. Somerset Redstreak, Yarlington Mill, Fillbarrel) which combine to produce the unique and complex flavours of our apple products (Apple Balsamic Vinegar and Apple Aperitif).

Within our orchards we have included a collection of rare Dorset cider apple trees which were planted in order both to safeguard these varieties for the future and to provide budwood for the propagation of new trees for individuals and community orchards.

We have a close relationship with Lufton College in Yeovil and provide weekly work experience and volunteering opportunities in the orchards for young adults with learning disabilities.

If you are passionate about orchards and would like to be a part of our project why not join the 'Friends of Liberty Fields'? You can help to support local organic food production, sustainable countryside management and the restoration of orchards.

A single membership covers everyone in one household. Give as a gift to celebrate a birthday or anniversary or to commemorate a loved one.

MEMBERSHIP DETAILS

1 Year Friends' Membership: (£49.00)

Your own permanent dedicated tree in the orchard

1 bottle of Liberty Fields Apple Aperitif

1 small bottle of Liberty Fields Apple Balsamic Vinegar

Orchard Tour and Tasting

Membership card allowing 20% discount on product purchases direct from Liberty Fields

Invitations to Friends' Days at the orchards

Subscription to Liberty Orchards' Newsletters

Two tickets for our Christmas Ceilidh in Halstock Village Hall

For each new Friends' membership Liberty Fields will donate £10 to hft

hft is a leading national charity that supports people with learning disabilities. Every day our creative thinking helps people to get the most out of life. Our person centred support method is anchored in everyone's different needs and goals. Our staff expertise includes supporting people with complex needs, challenging behaviour and specific syndromes to live more independently and safely.

We set up Liberty Fields to achieve the following aims:

- ♥ To help restore the lost orchards of Dorset and to safeguard the future of traditional Dorset cider apple varieties
- ♥ To make unique Dorset food products solely from fruit grown in our own orchards
- ♥ To promote bio-diversity by growing organically
- ♥ To provide horticultural work and volunteering opportunities for young adults with learning disabilities
